

# Principal's Star Award

Term 2 Weeks 7 & 8

### The STAR in **Kakano** is **Reave**

Most teachers say that they wish that they had this type of person in their class. For Reave, this is certainly true. She is an exemplary student. Reave is the personification of what the Central C's really mean. She is attentive, organised, helpful, supportive and above all, she has the right attitude. Everything she does is outstanding, from her academic success, to her willingness to help others succeed. Reave is also environmentally aware, as she organises and tidies our room on a daily basis. But above all, the best thing is her drive and willingness to just, 'give things a go.'

### The STAR in **Koru** is **Alia**

Alia is a Room 5 and Koru superstar who has an awesome attitude towards learning and likes to participate in everything she can at Central. She is constantly trying to be better than before, and loves a new challenge. Alia is not afraid to make mistakes and is able to rectify these issues upon reflection. Her confidence allows her to ask good questions that help her with her learning, and she often seeks clarity if she is unsure of what to do. Alia is a good leader who leads by example. She shows care, courage and commitment whether it be in learning or in other activities. Ka mau te wehi Alia!!!

### The STAR in **Poutama** is **Charli**

If you looked up the word courage in the dictionary, you would see Charli's name written in the meaning. Whatever the activity, whatever the time of day, Charli continually shows Te Toa. In her sports she plays hard and fair, always striving to be Better Than Before. In class she isn't afraid to take risks, make a few mistakes because she knows that that is how she will learn. It takes a great deal of courage to be able to do this constantly. Charli, we take our hats off to you for the courage you show on a daily basis, and the other two Central C's of course—that goes without saying.

### The STAR in **Rangi** is **Bonnie**

Te Toa and Te Manawanui are the guiding values in Bonnie's learning. She sets a consistent example of persistence and high standards with all her learning tasks, including the more challenging ones that make her think more. Bonnie takes care of those around her both in Room 13 and her Room 7 buddy. She is a genuine role model for quiet leadership—someone who is alongside others gently supporting them to strive for more. She brings a positive competitive attitude to team games and fully participates encouraging others to do so too. Bonnie you certainly shine in Room 13 and they are so much richer for having you in their classroom.
