

Principal's Star Award

Term 4 Weeks 7 & 8

The STAR in **Kakano** is **Zoe**

Zoe is a student who has shown all the Central C's during the year. This term has started off well for Zoe and it is great to see her managing herself and making sure that her class mates are ok. Zoe has put a huge effort into learning and sometimes this has not been easy. The "keep trying I can do it" attitude that Zoe has will be so helpful for all her schooling. Zoe, I would like to thank you for everything you have done this year in Room 2. You are a **STAR**.

The STAR in **Koru** is **Blake**

Blake, you have worked hard to become a Koru star. You are the face of Te Toa (Courage) at Central School. Overcoming everything thrown at you with a positive attitude, and a big smile, it has been a pleasure to watch you grow and especially see your voice and personality start to shine through. I can't wait to see how you approach new learning in the future, and I know you will continue to strive to be better than before in Poutama also. Ka mau te wehi! He Toki koe!

The STAR in **Poutama** is **Kaleb**

Kaleb, the light from your star is growing brighter all the time. What a difference you have made in your attitude towards school life. Gone is the grumpy Kaleb where school work was hard, he is now a self motivated learner who comes to school asking me for new reading books. He tries hard with all his work and gets tasks completed in the time allowed. Kaleb is a great friend out in the playground and is fantastic with a hockey stick. You have climbed a mountain this year Kaleb, keep climbing and continue to reach for the stars. Wawanei!!!

The STAR in **Rangi** is **Charlie**

Charming, chirpy, chatty. These three words describe our Charlie Hughes. With a heart of gold and a great sense of humour, Charlie has made the best of his final primary school year. When in technological distress, he is the man to call. He puts 100% effort across all his subjects and is happy to lend a helping hand to those needing a bit of support. He gets along with anyone and can also work well independently - qualities we wish to see in all Central School graduates. Charlie has a contagious smile that he likes to share.
